

“REPs provides clarity of qualifications, so we know what our instructors can, and importantly cannot teach. This makes it easy for our area co-ordinators to manage their programmes and reduce any risks.”

JEANNIE WYATT-WILLIAMS - (NERS) Coordinator for Wales

REPs Driving Your Business Forward! Employers Guide

www.exerciseregister.org

What is REPs?

The **Register of Exercise Professionals (REPs)** is the independent public register that recognises qualifications and expertise of exercise instructors throughout the UK.

Established for over 10 years, REPs exists to provide a system of regulation for instructors and trainers, protecting the public and bringing credibility and clarity to the sector.

REPs members:

- Meet the agreed National Occupational Standards which describe the knowledge, competence and skills of good practice.
- Hold recognised and approved qualification(s).
- Are recognised as industry professionals.
- Are committed to ongoing professional development.
- Are legally covered to practice by appropriate insurance.
- Adhere to a Code of Ethical Conduct.

REPs for Employers

Many employers expect their instructors and trainers to be REPs registered, providing assurance that their team has the correct skills to deliver safe and effective practice.

Members of the public, employers and health practitioners can be confident that REPs registered exercise professionals are appropriately qualified and have the relevant knowledge, competence and skills.

Benefits to your Business

Enhanced credibility

The Register brings credibility and professionalism to your business.

This means that allied occupations e.g. medical practitioners are more likely to refer to registered professionals, allowing employers to engage with a new market of potential clients.

Ensuring that your workforce obtains industry set qualifications will allow you to drive your business forward, reducing staff turnover while maintaining a high level of customer satisfaction.

Marketing

REPs offers a range of products to support your business.

These include:

- Use of REPs logo
- Your logo displayed on our website
- iPhone App
- Posters/ plaques/ supporters boards/ leaflets
- Personal Training Log Book
- Awareness campaigns
- Club/ facility listing
- Car & window stickers

Training portal
